### SECURE FIT.

The molded tray interior has a soft black melange velvet lining for a secure fit.

### EXTRA POCKETS.

The reinforced semi-rigid pockets securely hold clamps, extensions or other accessories.

\*Boost & Accessories Not Included

### RUGGED EVA.

Made of thermoformed EVA, the GBC015's lightweight and durable molded exterior has a water resistant, rubber-like finish.

### REINFORCED ZIPPER.

The case is sealed with a heavy-duty reverse coil zipper, a built-in reinforced handle, and custom over-molded pull tabs.

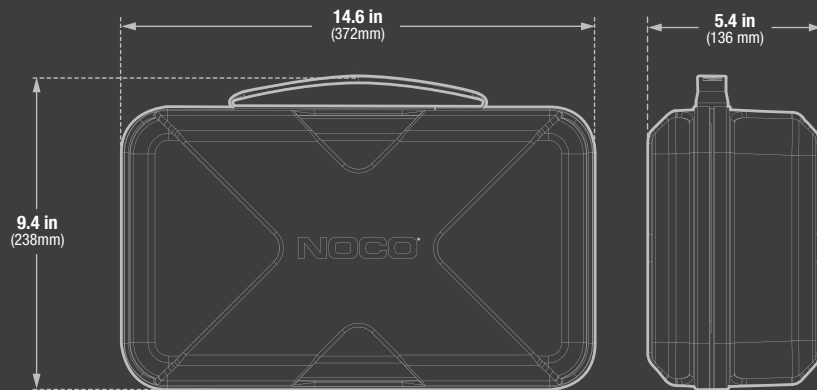

### PORTABLE DESIGN.

Store the protective case easily in your trunk, vehicle, console, or garage. The GBC015 offers protection from moisture, impact, dust, and environmental factors.
