PORTABLE FRIDGES

The Lithium battery gives you 307Wh, and delivers a reliable, stable power supply so you can fully power your CPAP machines, 12V Smart TVs, phones, laptops, tablets, drones, cameras, portable fridges and much more! Perfect for any trip that takes you out of reach of a power outlet. It's your ticket to peaceful, uninterrupted camping.

POWER UP TO 7 DEVICES SIMULTANEOUSLY

Multiple charging ports – you get: **70W AC ADAPTER**, **USBC PD 60W Cigarette Charger**, **USB-C PD Silicone CABLE**, **8 x DC Barrel Adapters** handy **Neoprene Carry case with side access panel for outlets**. So it'll suit all your gadgets, and you can charge multiple devices at once without waiting. Especially useful for running 12V appliances in your caravan or campervan.

USB-C POWER DELIVERY PORT

Power Delivery ports offer lightning-fast charging, and will charge your devices up to 70% faster than standard 5W USB ports. So you spend less time charging and more time on the go.

BUILT-IN TWO-STAGE LED LIGHT

Charging at night? The built-in LED light has two brightness modes, one white & amber bug light, so you can choose what suits you. Perfect for your rooftop tent.

WIRELESS CHARGING PAD

Built-in wireless charging pad – so you can charge your compatible devices simply by sitting them on top of the KickCharge 300. No more fumbling for tangled cables in your backpack.

DIGITAL BATTERY CHARGE INDICATOR

DIGITAL BATTERY CHARGE INDICATOR

Forget guesswork – you'll know exactly how much power remains in your KickAss KickCharge 300 Power Hub at a glance, and be able to stay one step ahead.
